Interpack®

VFF | Product Range Column internals

Support plates / Grids

Support grids

Combined collector-
and support plate

Multi beam
support plates

Grating

Hold down grid

Liquid distributors / Collectors

Weir riser-pan distributor

Orifice pan distributor

Pan type distributor
with gas risers

Ring channel pan
distributor with orifices
and down pipes

Deck type distributor
with gas risers

Trough distributors

Trough distributor with
orifices and down
pipes

Ladder pipe distributor

Deck type distributor

Deck type distributor
with down pipes

Liquid collectors

Feed devices: gas / liquid

Gas sparger

Feed Devices

Droplet Separators (Demister)

YOUR EXPERT FOR:

- DURANIT® inert balls
- tower packings
- column internals
- droplet separators
- software for the basic column design
